Coast Guard

33 CFR Part 165

[Docket No. USCG-2013-1060]

1625-AA00

Safety Zones; Eighth Coast Guard District Annual and Recurring
Safety Zones Update

AGENCY: Coast Guard, DHS.

ACTION: Interim final rule; request for comments.

SUMMARY: The Coast Guard is amending and updating its current list of recurring safety zone regulations that take place in the Eighth Coast Guard District area of responsibility (AOR). This interim rule informs the public of regularly scheduled events that require additional safety measures through establishing a safety zone. Through this interim rule the current list of recurring safety zones is updated with revisions, additional events, and removal of events that no longer take place in the Eighth Coast Guard District AOR. When these safety zones are enforced, vessel traffic is restricted from specified areas. Additionally, this one rulemaking project reduces administrative costs involved in producing a separate rule for each individual recurring safety zone and serves to provide notice of the known recurring safety zones throughout the year.

DATES: This rule is effective [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER]. Comments and related material must be received by the Coast Guard on or before [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: Documents mentioned in this preamble are part of Docket Number USCG-2013-1060. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." A. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

1. Submitting comments

If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for

each suggestion or recommendation. You may submit your comments and material online at <http://www.regulations.gov>, or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an e-mail address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, type the docket number [USCG-2013-1060] in the "SEARCH" box and click "SEARCH." Click on "Submit a Comment" on the line associated with this rulemaking.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing comments and documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number (USCG-2013-1060) in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the Federal Register (73 FR 3316).

4. Public meeting

We do not now plan to hold a public meeting. But you may submit a request for one, using one of the methods specified under ADDRESSES. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the Federal Register.

B. Regulatory History and Information

The Coast Guard is issuing this interim final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule. This interim rule is effective upon publication without prior notice through publication in the Federal Register, but also invites comments regarding the updated list of safety zones. The Coast Guard will address all comments accordingly, whether through response, additional revision to the regulation, or otherwise. Completing the full NPRM process would unnecessarily delay the effective dates for the safety zones listed to occur in April and May of 2014. This interim rule, prepared to provide the most up to date list of recurring events requiring safety zones, provides ample notice for all listed safety zones occurring after May. Additionally, these recurring events are noticed to the public through local avenues and planned on by the local communities.

The current list of annual and recurring safety zones occurring in the Eighth Coast Guard District AOR is published

under 33 CFR 165.801. That list was created May 16, 2012 through a previous rulemaking, [77 FR 2876] and received no adverse comments. The May 2012 rulemaking established 33 CFR 165.801 creating the current comprehensive list of recurring safety zones. In addition to amending and updating the current list, this interim rule provides additional clarity by separating the events and safety zones according to each Coast Guard Sector within the Eighth District.

For the same reasons, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Providing a 30-day notice would unnecessarily delay the safety zone effective dates for the events listed to occur in April and May of 2014, which are also noticed to the public through local avenues and are planned on by the local communities.

C. Basis and Purpose

The legal basis for the rule is 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6 and 160.5; Public Law 107-295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to define regulatory safety zones. The Coast Guard is amending and updating the safety zone regulations under 33 CFR part 165 to include the most up to date list of recurring safety zones for events held on or around navigable waters within the Eighth Coast Guard District.

These events include air shows, fireworks displays, and other marine related events requiring a limited access area restricting vessel traffic for safety purposes. The current list under 33 CFR 165.801 requires amending to provide new information on existing safety zones and updating to include new safety zones expected to recur annually or biannually and to remove safety zones that are no longer required. Issuing individual regulations for each new safety zone, amendment, or removal of an existing safety zone creates unnecessary administrative costs and burdens. This single rulemaking considerably reduces administrative overhead and provides the public with notice through publication in the Federal Register of the upcoming recurring safety zone regulations.

The Coast Guard encourages the public to participate in this rulemaking through the comment process so that any necessary changes necessary can be identified and implemented in a timely and efficient manner.

D. Discussion of the Interim Rule

33 CFR part 165 contains regulations establishing limited access areas to restrict vessel traffic for the safety of persons and property. Section 165.801 establishes recurring safety zones to restrict vessel transit into and through specified areas to protect spectators, mariners, and other persons and property from potential hazards presented during certain events taking place in the Eighth Coast Guard District AOR. This section requires

amendment from time to time to properly reflect the recurring safety zone regulations in the Eighth Coast Guard District. This interim rule amends and updates Section 165.801 replacing the current Table 1 with seven separate tables, one for each Sector within the Coast Guard's Eighth District as follows:

Table 1 - Sector Ohio Valley

Table 2 - Sector Upper Mississippi River

Table 3 - Houston Galveston

Table 4 - Corpus Christi

Table 5 - New Orleans

Table 6 - Sector Lower Mississippi River

Table 7 - Sector Mobile

Categorizing the safety zone regulations by Sector eliminates dual numbering within the District list and then again by Sector. Listing safety zone regulations by Sector also provides easier and quicker reference to a specific regulation.

Additionally, this rule adds 31 new recurring safety zones and removes 12 safety zones as follows:

26 added under the new Table 1 for Sector Ohio Valley.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under that those Orders.

The Coast Guard expects the economic impact of this rule to be so minimal that a full regulatory evaluation is unnecessary. This rule establishes safety zones limiting access to certain areas under 33 CFR 165 within the Eighth Coast Guard District. The effect of this rulemaking will not be significant because these safety zones are limited in scope and duration. Additionally, the public is given advance notification through local forms of notice, the Federal Register, and/or Notices of Enforcement and thus will be able to plan operations around the safety zones in advance. Deviation from the safety zones established through this rulemaking may be requested from the appropriate COTP and requests will be considered on a case-by-case basis.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

This rule may affect the following entities, some of which might be small entities: the owners or operators of vessels intending to transit the safety zone areas during periods of enforcement. The safety zones will not have a significant

economic impact on a substantial number of small entities because they are limited in scope and will be in effect for short periods of time. Before the enforcement period, the Coast Guard COTP will issue maritime advisories widely available to waterway users. Deviation from the safety zones established through this rulemaking may be requested from the appropriate COTP and requests will be considered on a case-by-case basis.

Therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this interim final rule will not have a significant economic impact on a substantial number of small entities.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small businesses. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy

or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply,

distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 0023.1 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded that this action is one of a category of actions which do not individually or cumulatively have a

significant effect on the human environment. This rule is categorically excluded under section 2.B.2, figure 2-1, paragraph (34) (g) of the Instruction because it involves establishment of safety zones. An Environmental analysis and a categorical exclusion determination will be made available in the docket as indicated under ADDRESSES.

List of Subjects in 33 CFR Part 165

Marine safety, Navigation (water), Reporting and recordkeeping requirements, and Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 165 as follows:

PART 165-- REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191; 33 CFR 1.05-1, 6.04-1, 6.04.6, and 160.5; Pub. L. 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

2. Amend §165.801 to revise table 1 and add tables 2 through 7 to read as follows:

§165.801 Annual fireworks displays and other events in the Eighth Coast Guard District requiring safety zones.
